Offender must have a copy of police reports and related court documents upon reporting. This information is used to determine registration duration of either 15 years, 25 years, or lifetime.

- 15 years: Convicted of a registrable offense not punishable by imprisonment for more than 1 year.
- 25 years: Convicted of a registrable offense punishable by imprisonment for more than 1 year.
- Lifetime: Convicted of a registrable offense punishable by imprisonment for more than 1 year and was convicted of an aggravated offense or has had a prior registrable offense or enters Nebraska and is required to register for Life by another state.

Nebraska may require registration even if the sending state does not. This will depend on conviction and will be determined by the Nebraska State Patrol.

For additional regulations, for example regarding residence changes, please refer to the Nebraska State Patrol Website, which is listed on the Nebraska directory page under “Web sites” “Sex Offender Registry”.

Sex Offender Special Conditions:

Probation: Sex Offenders will be placed on a high risk caseload and may be required to complete the following core requirement; home visits, sex offender treatment, cognitive programming, internet monitor, plus other special conditions determined during investigation.

Parole: Sex Offenders are placed on electronic monitoring with special conditions applicable for their offense and potential victims. Offenders are responsible for the cost of electronic monitoring. Electronic monitoring for registered sex offenders will be evaluated on a regular basis. If an individual, after being assessed, demonstrates long-term stability and a low risk to reoffend a request for removal of electronic monitoring may be recommended. Sex Offenders may also be limited in their computer access and not allowed to live near schools or other locations where children frequent.
